

TREES

Allosyncarpia
Allosyncarpia ternata

15-30m x 10m   

A large spreading shade tree with shiny, pointed leaves and cream flowers. Suitable for larger properties.

Carallia
Carallia brachiata

5-12m x 6m   

A very hardy shade tree with dark green foliage. Masses of small red fruits in late dry season. Bird attracting. Great screening tree.

Northern Kurrajong
Brachychiton diversifolius

7-15m x 6m   

A medium to large tree with brown boat shaped seed pods. A slow growing neat shade tree for well drained areas. Looks good planted in groups.

Herbert's Gum
Eucalyptus herbertiana

5-8m x 6m   

A stunning fast growing tree with weeping foliage, crème flowers and orange coloured bark. Bird attracting. Suitable for planting in deep soil on larger properties.

Scarlet Gum
Eucalyptus phoenicea

7-12m x 6m   

A stunning small to medium tree with fibrous yellow-orange bark and a profusion of orange-red flowers in the dry season. Bird attracting. Suitable for planting in deep soil on larger properties.

Ganophyllum
Ganophyllum falcatum

10-15m x 10m   

An attractive medium sized tree with shiny dark green foliage and orange fruits.

Hibiscus Tiliaceus 'Rubra'

3-5m x 4m   

A great screening tree with heart shaped leaves and large yellow flowers with deep red centres. Can be pruned to desired size and shape.

Weeping Ti-Tree
Leptospermum madidum

3-5m x 4-5m   

Beautiful small tree with a weeping habit and pale green foliage. Great feature and screening tree.

Maranthes
Maranthes corymbosa

10-20m x 10m   

Outstanding hardy evergreen shade tree for larger properties with creamy coloured flowers that attract birds. Bird attracting.

Mimusops
Mimusops elengi

10-15m x 6m   

A great medium to large evergreen shade tree with a dense dark green lolly pop shaped canopy and cream flowers. Bird attracting.

Water Efficient Native Plants

TREES

Sandstone Pandanus
Pandanus basedowii

3-5m x 5m 

A stunning tree with horizontal branching and pale spirally leaves. Leaves do have sharp thorns.

Timonius
Timonius timon

5-15m x 5m 

A small to medium tree to about 8m high, with a spreading crown.

Mountford's Wattle
Acacia mountfordiae

3-4m x 3-4m 

A stunning small to medium tree with fibrous yellow-orange bark and a profusion of orange-red flowers in the dry season. Bird attracting.

Acacia
Acacia nuperrima

50cm-1.5m x 1.5-1m 

A tidy compact Acacia shrub with bright yellow flowers. Great for mass woodland plantings.

SHRUBS

Acacia
Acacia alleniana

2-5m x 2m 

A slender Acacia with delicate weeping foliage and yellow flowers. Great in narrow areas and mass woodland plantings.

Elephant Ear Wattle
Acacia dunnii

2-4m x 2-3m 

A stunning, showy, tall Acacia shrub with grey elephant ear shaped leaves and bright yellow ball flowers. A good screening shrub. Great for mass woodland plantings.

Acacia
Acacia gonocarpa

1-3m x 2m 

A rounded Acacia shrub with fine leaves and prolific yellow flowers. A good screening shrub. Great for mass woodland plantings.

Acacia
Acacia latescens

3 - 10m 

A slender small tree with weeping foliage and creamy, yellow flowers. Grows well in poor soils. Great for mass woodland plantings.

Acacia
Acacia oncinocarpa

2m x 2m 

A tidy compact Acacia shrub with bright yellow flowers. Great for mass woodland plantings.

Murganella Wattle
Acacia producta

1.5m x 1.5m 

A tidy compact Acacia shrub with bright yellow flowers. Great for mass woodland plantings.

Acacia
Acacia stigmatophylla

1-3m x 2m 

A spreading Acacia shrub with dark green leaves and yellow flowers. Great for mass woodland plantings.

Wickham's Wattle
Acacia wickhamii

1-1.5m x 1.5m 

A stunning low, neat, compact Acacia shrub with delicate foliage and bright yellow flowers. Great for mass woodland plantings.

SHRUBS

Hop Bush
Dodonaea platyptera

4m x 3m 💧💧💧

A hardy medium shrub with papery winged seeds. A great small screening shrub or small tree.

Grevillea
Grevillea angulata

1-3m x 2m 💧💧💧

A hardy and fast growing grevillea shrub with creamy green flowers. Great for mass woodland plantings. Bird attracting.

Grevillea
Grevillea aurea

1-3m x 2m 💧💧💧

A tall shrub with stunning yellow orange flowers and holly shaped leaves. Great for mass woodland plantings. Bird attracting.

Grevillea
Grevillea dryandri

50cm-1m x 1m 🌿💧💧💧

A delicate shrub with green foliage and prominent protruding scarlet flowers. Great for mass woodland plantings. Bird attracting.

Mount Brockman Grevillea
Grevillea formosa

50cm-1m x 2m 🌿💧💧💧

A stunning, spreading shrub with grey green foliage and prolific yellow-orange flowers. Great for mass woodland plantings and feature plantings. Bird attracting.

Micromelum
Micromelum minutum

3-5m x 3m 🌿💧💧💧

A hardy monsoon vine forest tall shrub with fragrant cream flowers. Will grow well under established trees as an understorey. Butterfly attracting.

SHRUBS

Big Red
Syzygium australe

4m x 2.5m 💧💧💧

A hardy drought tolerant shrub that attracts birds. Large glossy leaves with new leaves a deep crimson. Excellent screening or hedging plant. Bird attracting.

Beach Morning Glory
Ipomoea pes-caprae

20cm x 2m 💧💧💧

A hardy creeper with pink trumpet flowers. Good for a mass planting.

Beach Vitex
Vitex rotundifolia

50cm x 2-3m 💧💧💧

A tough groundcover or small shrub with grey-green leaves and purple flowers.

GROUNDCOVERS

GRASSES

Tall Tamil Grass
Chrysopogon elongatus

1.5m x 2m

A stunning feature grass with fine, feathery white flowers. Bird attracting. Cut back to ground level if messy and it will shoot back quickly.

Native Lemon Grass
Cymbopogon bombycinus

1m x 0.5m

A soft medium sized native grass with a lemon scent when crushed. Silky creamy flowers. Mass plant as an edging plant.

Hare's-Foot Grass
Ectrosia leporina

80cm x 0.5m

An attractive grass with purplish flowers heads. Great mass planted as a border plant.

Spiky-Headed Mat-Rush
Lomandra longifolia

60-80cm x 80cm-1m

A strappy Australian native grass with leaves 60 cm to 80 cm long and 8 mm to 12 mm wide. Flowers are cream coloured and strongly perfumed. It grows in a variety of soil types and is heat and drought tolerant. Looks good when mass planted.

Lucky Stripe
Lomandra hystrix

90cm x 90cm

Lomandra 'Lucky Stripe' is a ultra-tough no fuss strappy leaf variegated plants suitable for mass planting. Full sun to part shade. Tolerates drought. Sandy loam to heavy clay soils.

PALMS AND CYCADS

Native Cycad
Cycas armstrongii

2-4m x 1-3m

A very hardy Top End cycad that is great as a feature planting or an accent plant in woodland plantings. Looks great when planted in groups of 3 or more.

Sand Palm
Livistona humilis

2-5m x 2-3m

A hardy small Top End fan palm that prefers well drained soils. Looks great when planted in groups of 3 or more.

Fine-leafed Fan Palm
Livistona inermis

2-5m x 1.5m

A slender fan palm with fine leaves. A hardy very slow growing palm. Plant in groups.

Mataranka Palm
Livistona rigida

10-20m x 6-7m

A large, tall fan palm with grey leaves for larger properties. A slow growing hardy palm once established.
